

Join the NGG!

We serve the interests of about 200.000 employees in the food and beverages industry, the food trade and the hotel and restaurant business.

We discuss about working conditions and demands for the collective bargaining for the branch in which you are working.

We give you information and advice on your rights according to the law and your collective agreement, about the latest changes in the law and about current political issues.

We elect the members of the bargaining commission and the board members of our democratic organization.

We negotiate about salaries, working hours, holidays, holiday and Christmas bonuses and other working conditions with the employers. We deal with about 1,000 collective agreements each year.

We fight for our rights and demands with information, demonstrations and if necessary by going on strike.

We support you in trade dispute by organizing strikes when necessary; in case of reprimands on part of the employer we support you with solidarity payments.

We provide an extensive educational program for works council members and shop stewards to build up the necessary knowledge and self-assurance to stand for the rights of the members within the enterprises.

We give advice and assistance in case of any difficulties on the job and on questions of labour and social law.

You are insured during your leisure-time. In case of an accident at home, while travelling or during the holidays you will get additional payment compensation according to the

insurance policy. The insurance premium is included in your membership fee.

We **fight** for your rights at Labour and Social Courts. Experts on labour law will represent you at court.

We aim for better working conditions by collective bargaining.

We **take part** in political discussions and represent our interests towards Ministries, State Governments and Federal Government.

We **demand** an economic and social policy according to the interests of all employees.

We **work together** with the trade unions of the food and allied workers in Europe and all over the world to gain better working conditions.
